Dear Wendell:

During a recent conversation with the Resident Auditor, he indicated that my letter SP-1125 dated December 26, 1961, was deficient in that I failed to request Contracting Officer approval of the finalized negotiated overhead rates for the years 1959-1961.

Clause B.14 of the Basic Agreement Contract requires that the allowable indirect costs of our various contracts with you be based on negotiated overhead rates, not fixed rates. The rates set forth in letter SP-1125 were negotiated with your audit representatives based on actual costs incurred during the specified period.

Accordingly you are requested to obtain Contracting Officer approval of the following final negotiated Special Development overhead rates:

1959	\$1.33
1960	\$1.37
1961	\$1.35

A space is provided below to allow the Contracting Officer to approve these rates. Please return the copy of this letter with his signature.

Very truly yours,

50X1

Cited negotiated Special Development overhead rates are approved as final.
